SIR,

Subject - Sanction to the creation of two additional teachers' posts in grade Rs 40-4-60 each in the Municipal High School, Sagar

I have the honour to state that the Deputy Director, Bangalore, recommended in August 1943 that the appointment of two additional teachers in grade Rs 40-4-60 each in the Municipal High School, Sagar, during the academical year 1943-44 might be sanctioned as there was need for those teachers and the Managing Committee of the school and the local Municipal Council had passed resolutions in the matter, and the latter agreeing to bear the extra cost involved. Copies of the resolutions of both the bodies are submitted herewith

But as the power to sanction certain additional items of expenditure in respect of the Municipal High Schools has been delegated to me as per Para 11 of the annexure to G.O No E 1932-33/Edn 112-41-3 dated th 12th November 1942, the Deputy Director was requested to enquire and report whether the incurring of the additional expenditure involved wa within the power of the Municipal Council But that point has no been answered so far by the Municipal Council and the Deputy Director

has reported that as per Rule 8 on page 30 of the Mysore Educational Manual Vol VII (Revised Edition), the Municipality is expected to comply with the recommendation made by the Managing Committee of the school in respect of all additional expenditure It is not possible for this office to know whether any item of additional expenditure is within the power of Municipal Council or not, unless the resolution of that body specifically states the fact in respect of each item of new expenditure regarding which the resolution is passed The result is that all items of additional expenditure in respect of all Municipal High Schools are being recommended to Government for sanction even though final orders can be passed by me on many of them in the light of the power vested in me by the Government Order referred to above I am of opinion that according to Rules 7, 8 and 9 on page 30, and 24 and 25 on page 31 of the Mysore Educational Manual Volume VII, all items of additional expenditure in Municipal High Schools which are recommended by the Managing Committees concerned and are approved by the respective Municipalities by resolutions, being within their power of sanction, may be approved by me In order that there may be no doubt in dealing with such cases in future, as to which of the cases should be submitted for orders of Government and which could be sanctioned by me and whether all the additional items of expenditure as per the authorised scales and according to the needs of the school may be approved by me only, I request the favour of further orders of Government clarifying the position

In the present case, as both the Managing Committee of the School and the local Municipal Council have approved the appointment of the two additional teachers, the cost having been already met from an additional allotment made for the purpose in the Budget of the School for 1943-44 and there is need for the continuance of the additional appointments owing to the increase in the strength of the school, I recommend that Government may be pleased to sanction the

appointment of the two additional teachers in grade Rs 40-4-60 each in the Municipal High School, Sagar, with effect from the academic year 1943-44, the cost being met out of the budget allotments of the school

I have the honour to be,
